

Lindy Baker is a world-renowned authentic Master Clairvoyant, Life Coach, Spirit Medium, published author and columnist and award-winning standup comedian. As a contestant in *Mary's Got Talent*, she was the first comedian to win in all of its thirteen seasons. Las Vegas' *Fun & Fit Life* magazine published Lindy's *Astroblog* advice column for ten years.

Her credits include "Top 10 Psychics" in *Globe Magazine*, *About.com's* Reader's Contest award of "Favorite Psychic Medium", and in a special expose by WB5 News of San Diego, Lindy was found credible and "Best Psychic". She has affidavits attesting that she accurately predicted the destruction of the Twin Towers by terrorists in New York, the tsunami that killed thousands in the Indian Ocean in 2004, and the Iran and Afghan wars. Many have interpreted her prediction of "karmic dissipation" as the coronavirus pandemic.

Lindy's two books, *Creating a Love Box*, and *To the Light and Back* are available at SuperIntuition.com and Amazon, with two more in development. The launch date for her Super Intuition's Mind Alchemy class is January, 2022.

As a result of the kidnapping of one of her teenaged family members, Lindy helped found the first Victim-Witness Assistance Program in the United States in Canton, Ohio where she grew up, oldest of thirteen children. Lindy volunteered as a counselor to victims of rape and assault. The Stark County Prosecutor's Office presented her with a *Public Service Award* for her contribution. Since then, Lindy has been called on by many Southern California law enforcement agencies for her assistance in some of their high-profile homicide and missing person cases for which she gladly volunteered.

Presently she is writing about some of her most exciting cases. Her feature screenplay, *Rainbow's Secret*, which is a high concept crime mystery, is inspired by a gripping true story of an impassioned woman, tortured by visions of unstoppable events. In order to prove to herself that her psychic ability has any value, she accepts the case of a missing 6-year-old girl and accidentally uncovers a child trafficking ring.

Lindy has provided professional Clairvoyant reading services at major corporate events. Among those are: American Bar Association, Tony Robbins Hornblower Cruises, Ford Motor Company, Johnson & Johnson, Kent State University, Logitech, Masonic Lodge/Scottish Rite Center, Merck Pharmaceuticals, New Dimensions Software, SDG&E, South Bay Community Services, Texaco/Shell, U.S. Grant Hotel Super Bowl, and many others.

As featured speaker on building self-esteem and a multitude of metaphysical subjects, Lindy's engagements have included such prestigious national associations as the American Institute of Hypnotherapy National Convention, March of Dimes Bachelor Bid Auction, Women's Business Network, and associations of American Business Women, Retired Military Wives, and Military Widows, to mention a few.

Many top level and A-List personalities and celebrities look to Lindy for her reading and coaching services. One of the first to “discover” Lindy’s profound abilities was Larry Hovis (Hogan’s Heroes, Bernstein-Hovis Productions). Lindy forewarned him of an impending heart issue. Immediately seeking medical attention, he was rushed into triple bypass surgery for blocked arteries. He often credited her with saving his life. He became a close friend and mentor afterward, casting her in several of his productions.

For those looking for that high-energy, funny and expert guest for events, show, podcast or YouTube channel, Lindy is a seasoned guest and featured speaker. As an Educator, special note is made of her many *Unnormal Paranormal* podcasts, which feature numerous subjects of high public interest: New Year predictions, advice and information on soulmates and “twin flames”, the effects of the human energy field, life-after-death for pets and people, Mind reading, developing clairvoyant/psychic ability, sensitive people called Empaths, aura reading, relationships, and spirit guides.

Since a young girl, Lindy has loved writing and acting. While in grade school, she wrote short plays and forced her twelve younger brothers and sisters to perform them. Her theater performances include: Lil’ Abner, Artichoke, Bus Stop, Egad, What a Cad, King Lear, Plaza Suites, and Joseph and the Amazing Technicolor Dreamcoat.
